

CALL FOR DEMO PAPERS

19th International Conference on the Design of Reliable Communication Networks

Technically Co-Sponsored by IEEE Communications Society (IEEE ComSoc)

<https://drcn2023.upc.edu>

April 17-20, 2023 – Vilanova i la Geltrú, Barcelona, Spain

Following up the initiative run in DCRN 2021, the 19th International Conference on the Design of Reliable Communication Networks (DRCN) proposes the presentation of demonstration of prototypes on the topics described in the CFP for regular articles. Proposals on network survivability, disaster resilience, and network management and monitoring are welcome, but also other related topics. The prototypes shown in DRCN 2023 can be of both types, innovative and cutting-edge network management tools and/or applications. In this context, the opportunity is offered to interact with a trained technical public and discuss emerging technologies with key opinion leaders. In general, the demonstrations are open to show work systems, innovative applications, innovative ideas, and novel concepts related to network reliability.

We are seeking the following types of contributions:

- Demonstrations on topics related to DRCN 2023.
- Demonstrations from industrial and academia researchers.
- Demonstrations from open source communities.
- Demonstrations from authors whose contributions have been accepted in the main conference and workshops.

Prospective authors are invited to submit Demo proposals in the form of a 3-page paper preferably incorporating a demo system architecture illustration, following the standard [IEEE conference style](#).

Demo papers must be submitted electronically through EDAS in PDF format only. Demo papers will be peer-reviewed and accepted proposals will be included in the conference proceedings provided to DRCN 2023.

At least one author of each accepted demo proposal is required to register to DRCN 2023 conference and present the demo paper at the scheduled demo session. The paper will submitted for publication in IEEE Xplore

Please contact eva.rodriiguez@upc.edu if you have any question about submitting your manuscript to DRCN 2023

IMPORTANT DATES

- Demo paper submission deadline: February 17, 2023
- Demo acceptance notification: March 3, 2023
- Camera ready Demo paper: March 13, 2023
